Bangalow R.S.L Hall

*“This will benefit you, your partner,
your children & your community”.*

I am a qualified counsellor, psychotherapist & educator. Whilst working with men for many years in Australia & overseas, I have learnt that working alongside men is a deep privilege. Watching, guiding & encouraging men to explore, discover & transform is both powerful & moving. This men's work is part of my vocation. I offer workshops & private counselling to people so that they can grow & become more authentic & conscious in their life. I work with conversation, art, speech, games, drama & movement & various psychotherapeutic tools to help people reach their goals & dreams.

I hope that you can join me & other men on Wednesday nights!
